

CONTENTS:

1. **Gheorghe GUTT, Yarema Tevtul, Andrei GUTT, Alina PSIBILSCHI**
Research and achievements for new electrochemical biosensors 5
2. **Yarema TEVTUL, Olga NECHYPORENKO**
Monitoring of contamination of the environment in Bukovyna with heavy metals 11
3. **Gheorghe ZGHEREA, Cristina STOIAN, Sandu PERETZ**
Mixtures with gradient of mobile phases utilized in hplc separations of 2.4-dinitrophenylhydrazones provided by inferior carbonyl compounds 18
4. **Alina-Petronela HALLER**
Benefits of multilateral liberalization for the countries which are exporting light industry products in a knowledge based society 23
5. **Gabriela POP, Adriana DABIJA, Amelia BUCULEI**
High-fiber wheat bread produced with fermented bran 30
6. **Alisa Vasilica ARUS, Ana Maria GEORGESCU, Iuliana Mihaela LAZAR, Ileana Denisa NISTOR, Neculai Doru MIRON, Azzouz ABDELKRIM, Andrea – Eliza FARKAS, Ramona Mihaela COJOCARU**
Use of some clay matrices in biotechnology of acid dairy products 35
7. **Boris SKIP, Sergiy ZELINSKYI**
Dispersion and assessment of formaldehyde emissions by automobiles and their influence on the air quality 41
8. **Elisabeta BOTEZ, Constantina SĂLCEANU, Oana – Viorela NISTOR, Aura DARABĂ**
Concerns on the development of ecumenical tourism in Bucovina 47
9. **Silvia MIRONEASA, Costel MIRONEASA, Georgiana-Gabriela CODINĂ**
Evaluation of mineral element content in grape seed and defatted grape seed 53
10. **Octavian BASTON, Octavian BARNA, Aida VASILE**
Freshness evaluation of chicken meat using microbiota and biogenic amine index 61
11. **Enuța IORGA, Monica CATANĂ, Luminița CATANĂ, Mioara NEGOIȚĂ, Alina BĂLEA, Gabriela LILIOS**
Influence of fertilization treatments on nitrates content of some vegetable species cultivated in the field 67
12. **Mircea-Adrian OROIAN, Gheorghe GUTT**
Influence of total soluble content, starter culture and time period on rheological behaviour of cultured buttermilk 73
13. **Constantin DROBOTĂ, Ioan GONTARIU**
Genetic resources and the progress reached by winter wheat breeding 79
14. **Mathew SHIJU**
A review on the effect of fungi on the wheat grain under post harvest storage ecology 87
15. **Author instructions** 97
